Around the County in Seven Days.

The Happenings of the Past Week Told in Detail by Efficient Correspondents.

### KANAS.

KANAS, UTAH, Feb. 5, 1902.

**ERROR TOLD:**  
There are very few families in Kanab whose houses have not been invaded by the measles.

There are some cases of black diphtheria in Woodland, Minn. Turnover having recently lost one child from it.

Stake Aid George C. Redden attended our Mutual Tuesday evening, and gave a good talk on Mutual Improvement work.

A large delegation from Kanab attended the water convention at Coalville last Friday, as well as a large number attending conference.

Kanab has had a little more of its own way the past week. Blighting has been fairly good and one continual string of teams could be seen between here and Park City.

The funeral over the remains of Cora Page-Prentiss was held from the Francis ward meeting house last Sunday. The speakers were George Fells, John Benson, Omar Ekelund and W. B. Harder. The young lady died Jan. 20, having given birth to a child about a week before.

### PARIA.

PARIA, UTAH, Feb. 6, 1902.

**ERRATA TOLD:**  
Mrs. E. C. Johnson has a cold yesterday.

The district school is well attended and the pupils are making rapid progress in their studies.

The general health of the people here is good. There are no contagious diseases hereabouts.

Those who but against the goat have a hard proposition; he makes the best butter in the world.

One should have pity for those who love and believe a lie for such is not the kingdom of heaven.

The mild weather is making havoc with the snow and teamsters are anxious for another fall of the blizzard.

"Love thy brother as thyself," admonished the doctor. If this be done who would have cause to complain.

Word comes from those being near the head of the canyon that the snow will not average over 20 inches up that way.

One should never use a cloak to hide their own faults; the jacks who covered himself with a lion's betrayed himself when he opened his mouth.

A surprise was gotten up on Mr. Evans the other evening; particulars of the affair are not at hand or it would have been mentioned. When anything of the kind is on hand it would be well to notify your correspondent that he may make an item of it.

Last evening a number of the young people gathered at the residence of Mrs. Maria L. Lyons in honor of the 15th birthday of her daughter Edith. The evening was spent very pleasantly; there were games, music and recitations after which cake, candy, pies and nuts were passed around; the young people seemed to have had an enjoyable time.

Ralph Miles, a young son of John H. Miles, met with a painful accident early Monday morning. The boy with others were working on the hill near the school house when he was thrown from his sled and severely hurt about the knee which will keep him in bed for some weeks. Dr. French was called and did what he could for the boy, who is getting along nicely. It is a wonder that more accidents have not occurred as the place is dangerous, and besides that, coxsters are liable to run into a barn at any time.

Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. It is prompt; we have never any doubt but it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup—Calden (S. C.) Messenger. For sale by John Boyden & Son Druggists.

### A Business Girl.

A farmer in a neighboring county has gotten himself into deep trouble. He says he gave his daughter a pair of nice chickens two years ago and promised to feed the increase for four years, provided she would take care of them. He says she has sixty-four dollars in the bank and has 200 chickens that he will have to feed this winter. He also says that at the end of four years she will be charged him rent for living on her farm.

### QUARTERLY CONFERENCE.

Apostles Teasdale and Woodruff Attend and Tell the People.

The quarterly conference of the Sumnit Stake was held in the Tabernacle Sunday evening, 10 o'clock. The attendance was very good and the business transacted was of a most excellent nature. It was commenced by the choir singing "Before Jehovah's glorious throne."

Prayer by H. O. Young.

"Newspaper" was sung by the choir and organ.

President Elder reported the condition of the Stake. Said that the people were doing well, and had no complaint to make. He said his counselors were trying to do the proper example by keeping the commandments of God.

Says Elder reported that the Stake was in good standing, and that the officers are laboring to do the best they can for the people. He said the Stake is in the field about 250 members.

President Teasdale bore testimony to the truthfulness of the report of President Young.

President Woodruff reported that the high school was doing active service.

The choir sang the anthem "Mount Zion."

Apostle Teasdale felt pleased to meet with the Stake in conference. Said the greatest blessing to us is to magnify our names. We should aim to be a people who are magnifying our names. He said we should be more devoted to our family duties by singing a hymn, reading a passage of scripture, and attending to our family duties. He said our allegiance to our Father in heaven first and not to men. It is important also that the church be a people who are magnifying our names. He said we should be more devoted to our family duties by singing a hymn, reading a passage of scripture, and attending to our family duties.

Apostle Teasdale said he had listened with great interest to the remarks made. When he joined the church it was with the belief that it was the only way that he could be redeemed from death. He spoke of the necessity of being built with Christ in baptism. He said we should not use force but persuade and first of all, he advised that we be careful how we make covenants; we should tell the devil what we are going to do when we make covenants. He said we should be careful to make covenants by the grace of God; and be careful to keep our covenants. He said that we should be true to the church of Christ. We should go to the Temple of the Lord because we are going to do better. A resolution was passed to do better. With spirit to card playing he recommended practice.

The choir sang "Earth with her ten thousand flowers" and after benediction by W. H. Branch conference adjourned to 7 o'clock.

### FRIDAY AFTERNOON.

The afternoon session was opened with the Lord's prayer and the sacrament was administered by Elders C. A. Callie and George H. Budd, assisted by five other Elders.

Apostle Teasdale arose and said that while the singing of music was being dispersed he was reflecting on our individuality. How careful we should be to retain the spirit, for if the spirit leaves we are apt to fall, and we unto us if we lose the privilege of being members of this church.

The general and local authorities of the church were presented by President Taylor and all were sustained unanimously.

Patience Thomas Ball, addressed the congregation. He expressed himself as being delighted to meet with the Saints and associates with Apostles. He bore his testimony to the truth of the gospel. At the close of his remarks Apostle Teasdale requested him to bless the people, which he did by his authority as patriarch.

Sister Lena Fisher sang the solo "For Time and All Eternity."

Apostle Teasdale said he was much pleased with the testimony and blessing
